DETAILED ACTION

I. EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Lisa U. Jaklitsch (Reg. No. 45,168) on June 16, 2006.
3. The application has been amended as follows:
4. The word "uses" (claim 10, line 10) is replaced by **-use-**.

II. RELEVANT ART CITED BY THE EXAMINER

1. The references to Hariguchi et al. (US 6,665,297) and Schnell (US 5,757,795) were not correctly cited in the last Office action. The correct citation is shown on the attached PTO-892.
2. The following prior art made of record and not relied upon is cited to establish the level of skill in the applicant's art and those arts considered reasonably pertinent to applicant's disclosure. See **MPEP 707.05(c)**.
3. The following reference teaches a hash table having two different indexing functions; a first function is used when data is available and a second function is used when data is unavailable.

FOREIGN PATENT NUMBER

EP 1 019 840 B1

III. REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance:
6. Per the instant office action, **claims 2-10** are considered as allowable subject matter.
7. As per **claims 2 and 10**

The primary reasons for allowance of claims **2 and 10** in the instant application is the combination with the inclusion in these claims of the limitation of an information processing device having registration and retrieval means capable of being disabled by a synonym wherein **"said registration means and said retrieval means use said first hash function and said first pointer table when enabled and said second hash function and said second pointer table when disabled."**

The prior art of record including the disclosures under section **II** above neither anticipates nor renders obvious the above-recited combination.

Dependent **claims 3-9** are allowable at least for the reasons recited above as including all of the limitations of the allowable independent base claims upon which they depend.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
